

# Final Exam Content Overview

- Similar to midterm (40ish multiple choice, the rest are fill in the blank or “other”)
- 50 questions, each worth 4 points
  - 10 - 15 questions will be very similar to the questions covered on the midterm and be pulled from the “MARKED SLIDES” deck I posted.
  - Up to 5 questions on Java, GIT, overall process, maybe Don’s presentation
  - The rest will cover these sections of the chapters/lectures since the midterm:
    - Chapter 11 Reliability Engineering: 11.0, 11.1, 11.2, 11.4
    - Chapter 13 Security Engineering: 13.0, 13.1, 13.3
    - Chapter 22 Project Management: 22.0, 22.1
    - Chapter 23 Project Planning: 23.0, 23.2, 23.3,, 23.4
    - Chapter 9 Software Evolution: 9.0, 9.1, 9.2, 9.3
    - Chapter 17 Distributed Software Engineering: 17.0, 17.1, 17.2, 17.3
    - Chapter 18 - Service Oriented Software Engineering: 18.0, 18.1, 18.2
- Your earned extra credit points will be tacked on to this grade in Gradebook
